

Building Bridges with Mexico

October 20, 9:00-10:30am, LAll

801 Yale Blvd NE

Lisa L. Munro, PhD, UNM Mexico Outreach Director

**LATIN AMERICAN
& IBERIAN INSTITUTE**

I serve as the Mexico Outreach Director in UNM's Global Education Office, focused on enhancing connections between UNM and Mexican institutions through student mobility, faculty exchange, and international partnerships.

I'm visiting LAll to learn more about LAll faculty research and teaching connected to Mexico and to explore how UNM's Global Education Office can help build connections and collaborations.

Let's talk about:

- Your current or upcoming research in Mexico
- Institutional or community partnerships you'd like to expand
- Opportunities for student mobility and exchange
- Areas where GEO can support your work
