Thursday, October 22, 2026 | 1:00 p.m. -2:30 p.m. | LAII Conference Room

Join the LAII for a panel event where former field research grant recipients discuss their research projects.

Graduate students can benefit significantly from the opportunity to conduct field research in Latin America, where they combine practice with theory and connect their scholarship to lived experiences or archival data. To make field research more accessible to students, each spring the LAII offers field research grants (FRGs) to graduate students across campus.

All potential applicants are encouraged to attend.
